

Warm-up:

Write down instructions on how to make this paragraph better.

I was having the worst day ever. First I brushed my teeth. My dentist is Dr. Lavoie. I rode on the bus and it was really late. I had to wait and wait for the bus. When it came, there was hardly any room for me and my backpack. My backpack is getting really old and needs to be replaced. I havent cleaned it out in ages. I think there is an old apple at the bottom of it. When I got to school I had missed my favorite class. I wonder when we'll have lunch.
